

BULLET RESISTANT CONSTRUCTION

It's what we do best

PAR-KUT INTERNATIONAL

manufactures the strongest, most durable guard stations, inspection booths and gun towers for any high risk security environment. Built as a solid, one piece unit from welded steel construction, with protection up to UL 8 and beyond. Par-Kut security buildings may also be engineered to meet blast resistant requirements. Built to withstand years of environmental and physical abuse and stay looking good.

OPTION S INCLUDE BALLISTIC GLASS / BACK-UP POWER SYSTEMS / FLOOD LIGHTS / BUILT-IN GUN RACKS / ANTI-FATIGUE FLOORING / REDUNDANT HEAT & COOLING / SHOOTING PORTALS / TOWER OR PLATFORM MOUNTS
