All stats indicate that PAR-KUT is the league leader for portable steel buildings. For ticket, security or parking applications, PAR-KUT all welded, galvanized steel booths are a major player in stadium and sport arenas nationwide.

We build the durability into every booth that withstands traffic and environmental abuse year after year. Low maintenance materials and an endless option list makes PAR-KUT portable buildings unbeatable.

Our track record speaks for itself.

The PAR-KUT team has a lineup that includes more than 100 standard models. Or we can design and build to meet your specifications.
